

URGENT UPDATE 25 Mar 24

Requirements for entry to PORTUGAL for the European Compak Sporting Championships, Porto 9th May to 14th May 2024

It is imperative that you forward your completed firearms form as soon as possible as we have been informed that the turnaround time is 3-4 weeks.

Please note that the firearms permit will be dealt with by the Portuguese Shooting Federation including the payment of 80 Euros to the local Police.

Shooters will be required to pay the 80 euros back to the Portuguese Shooting Federation upon arrival at the shooting ground or as stipulated by them when your permit is returned to you by email.

Once granted, FPTAC will send to the applier a copy of the gun permit license by email, which must be presented to customs when arriving in Portugal.

When leaving Portugal, it is mandatory to present these forms back to customs, at the border (coming by car), or at the airport (coming by plane).

For those traveling by car, all formalities take place at the Portuguese borders or at police stations upon arrival and exit Portuguese territory.

Any queries or advise, please contact Nick Woodward, Nick Adams or Mark Kettel
