

# **URGENT**

## **FOR ANYONE PLANNING TO GO TO THE UT WORLD CHAMPIONSHIP IN ROME 31 JULY – 3 AUGUST 2025.**

Please see below the recent experience of one of our members applying for a gun permit for Italy:-

“I sent all details required on the shoot competition Formalities page on the FITASC website. I've done this many times before.

I got an email back from them with an attachment of a 47 page document on what needs to be done by someone wanting the permit. I clicked a link within the document to take me to the FITAV website where the documents need to be completed. However, the site is not working. I suggest that anyone intending to shoot in Italy go through the process ASAP to ensure they have the permit in time.”

Time is of the essence so please apply ASAP.
